

## W2-MM Mesh Monitor

### Power type

3V DC by USB cable

- Service and maintenance tool for Smart RF/Wi-Safe 2 Networks\*
- Provides visibility of network in a simple graphical user interface
- Significantly reduces the time required for service and maintenance
- Plug and play hardware
- Easy to install software
- Quick and easy setup

### Software Features

- "Walk By" – Mesh monitor solution with capability to address the system
- Ability to save site-specific details e.g. Site Name, Site Address, Individual unit name (Example – Bedroom1, Kitchen1 etc.)
- Network health check with one click (without the need to access the site)
- Download required software from [Fireangel.eu/mm](http://Fireangel.eu/mm) (For Windows only)

\* If requirement is to download full diagnostic history of the alarms, please use diagnostic cable. Mesh monitor and its software provides only the current state of the network

## Technical Specification

Dimensions	76mm (width) x 47mm (height) x 20mm (depth)	
Supply voltage	3V DC	
Technology	Smart RF/Wi-Safe 2	
Warranty	2 years	
Certified to	2014/53/EU	
Independently tested to	EN 301 489-1 V1.9.2, EN 301 489-3 V1.6.1, EN 300 220-2 V3.1.1	
Operating Frequency	868 MHz	
Software	Download required software from <a href="http://Fireangel.eu/mm">Fireangel.eu/mm</a> (For Windows only)
